### **DETAILED ACTION**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 19, 2009 has been entered.

This Office Action is in response to Applicant's request for continued examination (RCE) filed November 19, 2009, and amendment and response to the Final Office Action (mailed May 21, 2009), filed November 19, 2009 wherein claims 17, 20, 21, 23, 24, 28, 33, and 34-37 are amended, claims 1-16, 18, 19, 25, 29, and 32 are canceled, and claims 43-46 are newly submitted.

Claims 17, 20-24, 26-28, 30-31, and 33-46 are pending.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward Weisz on February 2, 2010.

The application has been amended as follows:

Cancel claims 30 and 31.

***Reasons for Allowance***

In view of Applicant's amendment submitted November 19, 2009, the rejection of claims 16, 20-24, 26-27, and 33-40 under 35 U.S.C. 112, second paragraph for being indefinite with respect to the composition of a mixture of a first HA having a first molecular weight and a second HA having a second molecular weight is withdrawn. The claims have been amended to recite the step of forming a mixture of the two HA products.

In view of Applicant's amendment submitted November 19, 2009, the rejection of claims 17, 20, 23, 24, 26, 27, 33, 37, 38, and 39 under 35 U.S.C. 102(b) as being anticipated by Balazs is withdrawn. Balazs does not teach the step of forming a mixture of two separate HA products having different molecular weights.

In view of Applicant's amendment submitted November 19, 2009, the rejection of claims 17, 20, 23, 24, 26, 27, 33, and 37-40 under 35 U.S.C. 102(b) as being anticipated by Malson is withdrawn. Malson does not teach the step of forming a mixture of two separate HA products having different molecular weights. Likewise, the rejection of claims 21, 22, 35, and 36 under 35 U.S.C. 102(b) as anticipated by Malson or USC 103(a) as obvious over Malson is withdrawn. The rejection of claim 34 under 35 U.S.C. 103(a) as being unpatentable over Malson is also withdrawn.

Claim 17 is allowable. The restriction requirement set forth in the Office action mailed on May 4, 2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable**

Art Unit: 1623

**claim.** Claims 28, 41, and 42, directed to preparation of a hydrogel from the product prepared by claim 17, are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. Claims 28, 41, and 42 are construed to require all the limitations of claim 17.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

The following is an examiner's statement of reasons for allowance: the claimed method is neither taught nor fairly suggested by the prior art, as discussed above.

In view of the information discussed above, the indicated subject matter is allowable over the prior art.

Accordingly, Applicant's amendment as discussed above is sufficient to remove all rejections made in the prior office action and to place the application in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1623

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LAYLA BLAND whose telephone number is (571)272-9572. The examiner can normally be reached on Monday - Friday, 7:00 - 3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anna Jiang can be reached on (571) 272-0627. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
